Cambridge City Council's Annual Customer Feedback Report - Introduction

Every year Cambridge City Council publishes an Annual Customer Feedback Report, which gives an overview of the complaints and compliments the Council has received and how we have dealt with them (though we do not publish names or other personal details of people who have complained).

Cambridge City Council welcomes customer feedback, to help us to identify and address problems for customers, and to improve our services. This report shows how we have increased customer feedback about services and how we are responding to complaints.

Why we produce this report

- To learn from our mistakes so that we can improve our services.
- To encourage people who have cause to complain to make comments and suggestions to help us make these improvements.
- To be transparent about the complaints we've received, how we've responded to them and what we've done to try to put things right.
- To publicise and explain our complaints process.

Our Complaints Procedure

What is a complaint?

A complaint can be wide-ranging, but can be defined as an expression of dissatisfaction with the service provided, or lack of action by the Council, or its staff. This can include failure to achieve specific standards of service.

It should be highlighted that issues brought to the Council for the first time, are dealt with as a request for service and so are not processed as a formal complaint. However, service requests can then escalate into a stage 1 complaint if the customer remains unsatisfied. This may occur from delays in response or dissatisfaction with staff behaviour or policies.

Customers complain to the Council if they:

- Are unhappy about something we have or haven't done.
- Are not satisfied with the way a member of staff has treated them.
- Are not happy with the way a councillor has treated them.

Cambridge City Council has a two stage complaints process:

Stage One: An issue raised by a complainant which is escalated beyond a service request for the first time.

Stage Two: Internal review of a complaint where the complainant is unsatisfied with the response to their initial complaint or the way in which the complaint has been handled, and they wish for their complaint to be considered further.

The **Housing Ombudsman** is the final stage for Housing complaints - the person affected must have gone through our internal complaints process before going to the Housing Ombudsman for an independent review.

Complaints to Cambridge City Council in 2024-25: summary

Following the presentation of the Housing Ombudsman Self-Assessment in November 2024, it was agreed that a separate report outlining only complaints made about Housing Services would be presented with the self assessment in 2025, and alongside the Council-wide Annual Customer Feedback report. Therefore this report only relates to complaints to Housing Services for the year 2024-25.

Total number of complaints received relating to Housing Services

In 2024-25, the total number of complaints received relating to these services was 342, which is a decrease of 1 case from the previous year's total of 343. This makes up 40% of the total complaints received by the Council.

Proportion resolved at stage 1 and stage 2

Of those 342 complaints, 85% (290) were resolved successfully at the first stage without need for escalation. This compares with 90% in 2023-24, and 93% in 2022-23.

52 complaints were escalated to stage two, which is 13 more than in the previous year. This was anticipated as the requirements to escalate a complaint to the second stage of the process were removed.

Proportion resolved within the target timescale

Across all complaints submitted at both stages, 81% were resolved within the target time of ten working days. This is 1% higher than the Council average of 80%, but slightly short of the 85% target. City Homes answered 96% of their complaints within target time. The cases that were missed across Housing services were due to delays to obtaining further information from third parties relating to complex investigations.

Fig 1. Total Complaints received, by resolution stage

Overview of complaint trends

264 complaints were received for the Housing Assets and Maintenance service, with the majority relating to Responsive Repairs (162). This is a very slight increase from 258 complaints overall in the previous year, the Planned Works & Compliance areas had an increase of 28 compared to 2023-2024.

Whilst the Responsive Repairs service saw the highest volume of complaints overall, they did have 22 less complaints compared to 2023-24. Some changes within the service such as the introduction of a specialist Damp, Condensation and Mould (DCM) Team contributed to this reduction. A large proportion of the services complaints related to DCM, and having a specialist team in place to tackle the issues before they reach the complaints stage has had a positive impact on the service and outcomes for residents.

City Homes received 80 complaints in total, which is a slight reduction from 85 last year. With a housing stock of 8,807 properties, this means that less than 1% of tenants are making a complaint. City Homes also responded to 96% of their cases within target time with only 3 cases being resolved outside of 10 working days.

A comparison of complaints by higher volume services can be seen below.

| Service | 2022-23 | 2023-24 | 2024-25 |
|--|---------|---------|---------|
| Housing (City Homes) | 56 | 85 | 80 |
| Housing Repairs (Responsive) | 179 | 184 | 162 |
| Housing Repairs (Planned & Compliance) | 109 | 74 | 100 |

Housing Ombudsman

5 complaints were investigated and determined by the Housing Ombudsman Service. Of these, there were 7 findings of maladministration, 14 remedial orders made, and 2 remedial recommendations made. Further commentary on this can be found on page 43 of this report.

Reporting, monitoring and driving service improvement

The City Council's managers work hard to understand the reasons for the complaints, and where a consistent theme or issue has been established, they have taken action to prevent the poor service that triggered those complaints from being repeated. We continue to focus on delivering high quality services to all residents and customers and welcome all feedback on our services and suggestions for improvement.

The Lead Complaints Officer has continued to review data on a regular basis to establish themes and trends. This data is reported on a quarterly basis to Leadership and Corporate Management Team to prompt reflection on what services need to do to improve, change or prevent a reoccurrence. Particular attention is focused on responding appropriately to complaints first time and reducing complaints being escalated to the higher stages. This reporting has led to some constructive discussions with Senior Management, and as a result

we have been able to take feedback and apply it across many areas of the complaints process. An example of this was creating a template which guides the investigating Officer through everything that is required to be included in a complaints response. This has increased the quality of responses being sent at both stages, and ensures compliance with Ombudsman codes of practice.

Persistent and Unreasonably Persistent Complainants

Sometimes when pursuing their complaint, complainants can become unreasonably persistent in a way that can hinder the way their complaint is investigated. This can include excessive repeat contact, which is not necessarily abusive or aggressive. In 2024-25 it was necessary to impose restrictions on two customers and limit their contact with the Council. These restrictions were made in line with the persistent and unreasonably persistent complainants policy and both were given a single point of contact within the Council to report any other issues outside of their complaint. The restrictions on both complainants will be reviewed after 12 months.

Reporting on complaints about Council Policy

Where a complainant raises a complaint about a Council Policy, this will still be responded to under the complaints policy. If the complainant wishes to give general feedback or have a policy explained further, the Council will respond to this as an enquiry for service, and provide an explanation or rationale behind the policy.

Should the complainant be dissatisfied with how the Council reached the decision on the policy, or feel that an injustice has been caused by a policy, this would be investigated as a complaint. These complaints will then be considered when reviewing policies in future.

LGSCO and Housing Ombudsman Complaint Handling Code

Our complaints handling guidance is based upon the code laid out by the Local Government and Social Care Ombudsman. In November 2022 the LGSCO announced that they would be publishing a joint handling code alongside the Housing Ombudsman. This code was published in November 2023, and the guidance within it became mandatory in casework from April 1 2024.

Part of this code requires the Council to assess our process and policy annually against the latest guidance from both the Housing Ombudsman and the Local Government and Social Care Ombudsman. In 2023-24, this was done later in the year and reported to committee in November, however this year, the self-assessment is included at the same time as this report. Following the self-assessment in November several minor changes were made to the complaints service.

- Previously we would keep complaints open on our system until any follow-on work had been booked and completed where required. The point of resolution for a complaint is now when this follow-on work has been booked, rather than completed. We will still keep complainants informed of follow-on work timelines and appointments, but now complaints are closed when the work required to resolve the complaint is booked.

- Our template for responding at stage one previously asked complainants why they considered their complaint still unresolved, and what they seek as a preferred resolution from escalating their case to stage two. Complainants are no longer required to answer these questions before we will escalate a case, but we do still ask for the information to help guide stage two investigators. A simple further expression of dissatisfaction is enough to escalate a case.
- Our complaints form now asks complainants if the Council need to make any reasonable adjustments when investigating the complaint or communicating with the complainant. 38 requests for a reasonable adjustment were made since the feature went live in November, and the most common use of this feature so far has been to request a certain communication method or to inform us of any circumstances which may cause communication difficulties.

Housing Service Complaint Trends and Management Response

The next section of this report details comments from Services on actions they have taken to prevent, improve or change as a result of the feedback received in previous years. The total figure in the first column is the sum of Stage 1 and 2 complaints.

Complaints by sub-service are identified in the pie chart, this is how a service is broken down into the individual service request areas within. The bar graph displays resolution themes, or where these themes are too diffused and a trend cannot be identified, the bars will display root causes.

A resolution theme is the service specific content of the complaint (missed bin for example), whereas a root cause is a reason for the complaint which is generic across all services (service delivery failure).

Housing Assets & Maintenance - Service Comments

Laura Herrera-Martin, Service Improvement Project Officer:

In 2024–25, the Housing Repairs and Maintenance team made strong progress in improving the quality and responsiveness of its services. Over the course of the year, 16,373 in-house repair jobs were completed, along with 6,939 jobs from other work streams. In total, 192 complaints were received—representing just 0.82% of all jobs. This low complaint rate highlights the overall effectiveness and reliability of the service delivered to our tenants.

Of the total complaints received, 142 were resolved at Stage 1 and 20 escalated to Stage 2, consistent with previous years. Significantly, 86% of complaints were resolved within target timescales, a major improvement from 46% in 2023–24. This improvement reflects the success of operational changes, particularly the decision to pass complaints directly to key service staff, enabling faster and more efficient resolutions at the first point of contact.

Another positive development was the positive feedback from residents, with 9 compliments received this year—up from zero in 2023–24—indicating a growing level of tenant satisfaction.

A key development since November 2024 has been the introduction of a specialist surveying service focused on damp, mould and condensation cases, and disrepair claims, along with a dedicated contractor to complete all remedial works identified in the reports. This has enabled targeted use of resources and reduced the number of appointments to fix reported issues.

In parallel, the team has placed a renewed emphasis on enhancing communication channels, including ongoing updates to the Housing Repairs section of our website. These improvements are aimed at increasing transparency, managing expectations, and making it easier for tenants to access information and report damp and mould issues.

The majority of complaints—111 out of 162 categorised cases—were related to Responsive Repairs, accounting for nearly 69% of all complaints by sub-service. This is consistent with the high volume and day-to-day nature of responsive repair jobs.

Damp-related issues accounted for 27 complaints (17%), reflecting ongoing concern from residents about property conditions. This highlights the importance of our investment in specialist damp and mould surveyor services and dedicated contractors, brought on board in late 2024. Our focus for the year ahead will remain on improving repair timeframes, enhancing the quality and consistency of communication with tenants. Building on the progress made in 2024–25, we are committed to delivering a responsive, high-quality repairs and maintenance service that tenants can rely on, alongside ensuring tenants feel heard, respected, and fully supported to reside in good quality homes.

Planned Works & Compliance - Service Comments

Will Barfield, Asset Manager:

The Asset Management Team in City Services Group are responsible for planned building maintenance and investment in the Council's housing stock, operational, and commercial buildings.

We carry out an annual programme of planned maintenance work across the Council's 7,600 homes, 1,200 leases, operational buildings, car parks and commercial properties. During the year 2024/2025 we completed over 3000 planned maintenance jobs, 1700 planned maintenance service inspections and over 1000 surveys and inspections to help us plan works and record the condition of property.

In 2024/2025 the total number of complaints we received increased to 100, although this represents a small percentage of all services provided. The Council invested over £22m in the delivery of planned maintenance services in 24/25.

Many of our complaints are about things done by external contractors who are carrying out work for the Council – for example failing to keep people informed, or not completing work to the quality expected. We collect customer satisfaction feedback from tenants who have received planned maintenance work, and this shows a consistent high level of customer satisfaction with planned maintenance. We also proactively inspect completed planned work using our surveying teams and work is generally completed to a very high standard.

Where there are complaints about planned works carried out by contractors, we follow this up at contract meetings and expect the contractor to help resolve the situation, to ensure we minimise repeat complaints in future.

Housing Services (City Homes) – Service Comments

Anna Hill, Housing Services Manager:

We observed a slight reduction in the number of complaints received by City Homes during 2024–2025 compared to 2023–2024. However, the top two complaint themes remain unchanged:

- Neighbour Disputes – 17.5%
- Failure to Manage Expectations – 37.5%

It's important to note that the overall number of complaints remains low relative to the size of our customer base. With a combined housing stock of 8,807 tenants and leaseholders, only 0.9% of customers submitted a complaint.

Of the complaints received:

- 7 were upheld
- 9 were partially upheld
- 18 were not upheld
- 46 were resolved through other options that currently lack clear reporting value
- Financial redress was provided in 7 complaints.

To improve future reporting accuracy, we are refining the resolution categories. Additionally, the team has received further training on the complaint closure process to ensure consistency and clarity.

Where complaints involved a failure to manage customer expectations, the individuals concerned were addressed directly following the investigations.

Only three cases were not responded to within the target timescales. These delays were addressed with the relevant staff, and clear expectations around response times have been reinforced.

Some of the key recommendations for improvement are:

- Refine the complaint resolution categories in the system to ensure all outcomes are trackable and meaningful.
- Conduct regular audits of complaint closures to ensure accuracy and consistency.
- Continue targeted feedback and coaching for staff involved in upheld complaints

Multi-Service Complaints

| Multi-Service Complaints | Total Complaints | Stage 1 Complaints | Stage 2 Complaints | Complaints in Target |
|--------------------------|------------------|--------------------|--------------------|----------------------|
| 2024-25 | 47 | 41 | 6 | 70% |
| 2023-24 | 41 | 36 | 5 | 83% |
| 2022-23 | 42 | 32 | 10 | 83% |

Multi-Service complaints tend to be more complex and involve more officer time to investigate, which in previous years has contributed to a low number of complaints responded to within target. This year the number of cases resolved within target has remained consistent with the previous two years which shows Officers are still handling these cases efficiently.

There were 6 more multi-service complaints in 2024-25 than in 2023-24.

This year the area with the highest number of multi-service complaints was City Homes with 17. Other high-volume areas involved in multi-service complaints are Housing Maintenance & Assets (8), and Streets & Open Spaces (8). This is the same as previous years, as Housing Maintenance & Assets complaints, and other community issues can often involve officers from the Housing service if the complaints concern decisions made by that service. The majority of the multi-service complaints involved a Housing Service as complaints had often been raised to a Housing Officer initially, but they have had to involve other services to find a resolution for the complainant.

When a multi-service complaint is allocated, potential case owners from all services involved are contacted to establish a lead officer who will then co-ordinate an investigation and response, including input from all relevant services.

Housing Ombudsman Service (HOS)

Alongside the LGSCO, customers can escalate their complaints regarding the Councils responsibilities as a landlord with the Housing Ombudsman Service (HOS). The HOS investigate and determine cases in a similar way to the LGSCO, making recommendations or orders to remedy the complaint when fault is found. An order made by the HOS is an action that the Council must take and evidence demonstrating that the order has been completed must be submitted to the HOS. The HOS may also suggest recommendations in response to a complaint investigation, these are not mandatory for the Council to carry out.

When the HOS investigates a complaint, they can find fault in more than one issue and issue more than one order or recommendation as a remedy to the complaint. This is why in the report, the number of findings and orders is larger than the number of cases investigated.

| Year | Number of Complaints | Number of Faults | Number of Orders | Number of Recommendations |
|---------|----------------------|------------------|------------------|---------------------------|
| 2024-25 | 5 | 9 | 14 | 2 |
| 2023-24 | 4 | 7 | 11 | 0 |

In 2024-25, 5 complaints about our Housing related services were investigated by the Ombudsman. Of these 5 complaints, the Ombudsman found 9 faults. To remedy these complaints, 14 orders and 2 recommendations were made. The Council were not served with any Complaint Handling Failure Orders.

78% (7) findings related to maladministration by the Council. This is slightly higher than the national rate of maladministration which is 71%. However, it is in line with the maladministration rate for similar sized landlords (between 1,000-10,000 units) of 77%.

56% (5) findings specifically related to Service Failure. This is higher than both the national average of 21% and the average for similar sized landlords, 22%. All other categories of findings were equal to, or below the national and similar sized landlords average.

In 2024 – 25 The Council paid £2,550 in compensation as a result of remedial orders and recommendations. In 2023 – 2024 the compensation amount The Council paid was £1,575.

| Compensation reason | Property Condition | Complaint handling | Anti-Social Behaviour | Estate management |
|---------------------|--------------------|--------------------|-----------------------|-------------------|
| 2024 -25 | £1700 | £850* | £0 | £0 |
| 2023-24 | £800 | £200 | £375 | £200 |

*A payment of £50 was made as a result of a recommendation. The Council paid £2,550 in compensation as a result of remedial orders and recommendations.

In both years, the Housing Ombudsman Service were satisfied that 100% of remedial orders were complied with by the Council.

Self-assessment form

This self-assessment form should be completed by the complaints officer and it must be reviewed and approved by the landlord's governing body at least annually.

Once approved, landlords must publish the self-assessment as part of the annual complaints performance and service improvement report on their website. The governing body's response to the report must be published alongside this.

Landlords are required to complete the self-assessment in full and support all statements with evidence, with additional commentary as necessary.

We recognise that there may be a small number of circumstances where landlords are unable to meet the requirements, for example, if they do not have a website. In these circumstances, we expect landlords to deliver the intentions of the Code in an alternative way, for example by publishing information in a public area so that it is easily accessible.

Section 4: Complaint Handling Staff

| Code provision | Code requirement | Comply: Yes / No | Evidence | Commentary / explanation |
|----------------|--|------------------|--|--|
| 4.1 | The Council must have a person or team assigned to take responsibility for complaint handling, including liaison with the Ombudsman and ensuring complaints are reported to the governing body (or equivalent). This Code will refer to that person or team as the ‘complaints officer’. This role may be in addition to other duties. | Yes | https://www.cambridge.gov.uk/media/55jk2gt5/complaints-policy.pdf Section 5.0 <i>“The Lead Complaints Officer is accountable for all complaint handling in the Council. They will report on and analyse complaint themes and trends on a monthly, quarterly and annual basis, and report any potential systemic issues, serious risks or any policies or procedures that require a review to the appropriate service staff. Section 6: Complaints Stages

Stage 1

| Code provision | Code requirement | Comply: Yes / No | Evidence | Commentary / explanation |
|----------------|---|------------------|---|--|
| 6.1 | The Council must have processes in place to consider which complaints can be responded to as early as possible, and which require further investigation. The Council must consider factors such as the complexity of the complaint and whether the resident is vulnerable or at risk. Most stage 1 complaints can be resolved promptly, and an explanation, apology or resolution provided to the resident. | Yes | Customer Feedback Report 2023/24 - Cambridge City Council | Our complaints policy supports this by encouraging complainants to contact the Council to resolve requests for service first if they have not already been raised with the Council. 90% of complaints in 2023-24 were resolved at the first stage. |
| 6.2 | Complaints must be acknowledged, defined and logged at stage 1 of the complaints procedure <u>within</u> | Yes | https://www.cambridge.gov.uk/media/55jk2gt5/complaints-policy.pdf | Complaints are registered in the system as soon as they are submitted |
